

Maritim Catering

Hofgut Hohenstein

Unique ambience, unspoiled nature and home-grown specialties: the heritage listed estate enjoys a picturesque location nestled amidst 80 hectares of its own mountainside forests and meadows. The manor house and estate buildings are grouped around a large courtyard and regardless of season, the historical setting, invigorating landscape and breathtaking panorama views lend discerning events an unforgettable flair. The barn that once housed the estate's dairy cows was converted to an event facility in 2006 and represents a successful combination of historical charm and modern design. An absolute highlight: the hayloft that was reopened in 2009. With its ingenious interior and rustic atmosphere, it ensures every visit is an unparalleled event. Each room has its own exterior area that can be used for guest reception, weather permitting.
